4. Foot Profile

COMPLETE THE FOLLOWING **FOOT PROFILE** DIRECTIONS. THIS WILL ENABLE US TO DESIGN THE UPPERS TO YOUR SPECIFIC SIZE AND SHAPE, FOR A SNUG FIT.

You may need someone to help you with this

- A. Position both feet flat on the floor.
- B. Place a large sheet of card between both feet (We will send you a sheet of card if required).
- C. Push feet together to hold the card in place.
- D. Get someone to run a pen along the outline of foot to give your **foot side profile**. Repeat this on other side of card for the other foot.
- E. Remember to label each side **left** and **right**
